

IPM Notes

- Must have an IPM Policy, #716.
- PASD has one person certified to spray grounds for weed / insect control.
- PASD contracts with Western Pest Control to monitor / inspect school buildings on a bi-monthly basis during the school year.
- A Pesticide other than a disinfectant or sanitizer may not be applied in common access areas within a school building when students are expected to be in common area for normal instruction or organized extracurricular activities within 7 hours following application. Product label may specify other time period.
- Parents must be notified annually of IPM program and if they wish to be added to list of parents/guardians who wish to be notified of each pesticide application at their school. This notification is on the PASD web site.
- Notice of Pesticide Application must be posted 72 hours prior to application and remain posted for 48 hours after application. Posting must be at least 8 ½ "X 11" in size.
- A list of products used by PASD is listed below.
